

Hepatitis B and Liver Cancer Prevention

Employee Wellness Talk with Dr. Sam So

Team Research Incorporated

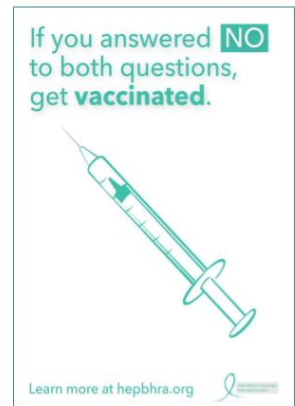

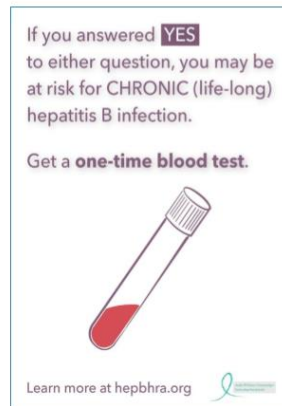

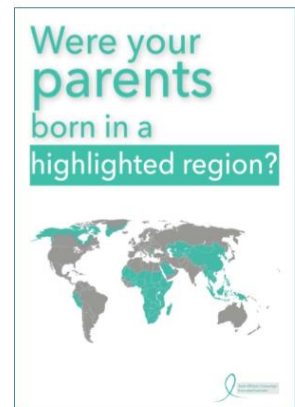

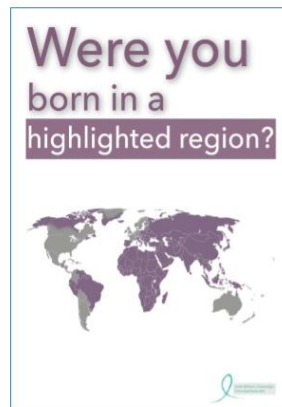

Monday February 17, 2014

1:00 – 2:00 PM

What is hepatitis B, and am I at risk?
If I'm chronically infected, how do I
take care of myself and my family?

Dr. Sam So will answer these
questions during an employee
wellness talk about hepatitis B and
liver cancer risk and prevention.

Free educational resources will be
provided during the event. On Friday
February 21st, the company will
sponsor free onsite screening for all
employees. Learn more: hepbhra.org.
